

Strengthen your vehicle inspections

Hunter and AutoServe1 have partnered to bring you a bumper-to-bumper digital vehicle inspection system that is integrated with Hunter's inspection products.

- ✓ **Capture every service opportunity** with streamlined process
- ✓ **Save time & energy** by eliminating duplicate entries
- ✓ More satisfying experience for enthusiastic technicians
- ✓ Ensure profitable service recommendations are always presented to customer
- ✓ Maximize revenue & customer retention

Auto Serve 1

“With the Hunter integration, my average ticket price went through the ceiling. **In the first month we had an increase of over 34%.**”

Alan Beech
Owner, Beech Motorworks
